Prospects for "Fertilizer."

Wesley F. Williams, a soldier of the Twenty-fourth infantry (colored) and a newspaper writer of ability, is a native of Virginia. He, as well as other mem-bers of his regiment, have great hopes for the success of the colored troops at Manifa. Most of the men are old sol-diers, and many are immunes. As one negro put it: "If Mr. Aguinaldo can run through the rice swamps faster than we can go after him, or stay in the bog longer, he is welcome to make fertilizer out of us, as he said he would."

That expression, that negroes would make good fertilizer, will prove a boom-erang to Aguinaldo, if the Twenty-fourth ever runs up with him. It has become sort of a war cry with the regi-

C. A. Herring, manslaughter in second degree.

James Lynch, importing opium.

Matsuda, murder first degree.

These are the men to be pardoned by the Government tomorrow. At its meeting this morning the Council of State recommended such action in each of the three cases.

President Dole presided at the meeting. Present were: Minister Mottsmith, Attorney-General Cooper, Secretary C. Bolte, P. C. Jones, S. K. Ka-ne, John Phillips, John Nott, W. C. Achi, M. A. Gonsalves, Mark P. Robinson, Paul Isenberg, J. L. Kaulukou, James A. Kennedy and A. V. Gear, Mr. Cooper introduced the subject of Herring, and stated that the Cabinet

Herring, and stated that the Cabinet ommended his complete pardon. This soner was convicted in 1893 of manslaughter in the second degree and sentenced to imprisonment for ten years. A commutation would make his term expire January I, next. There were circumstances surrounding the killing of Huntsman and his conduct since that were decidedly in his favor. The attorney-general said he was the judge who sentenced Herring, and had he then known matters in a better light the term would not have been made so

On motion of Mr. Kaulukou, seconded by Mr. Isenberg, pardon was voted. Mr. Jones declined to vote, stating that he was not sufficiently informed on the case to have an intelligent impression of its merits.

James Lynch, importing opium, and fined \$150, was also granted a pardon. It was recommended by Marshal

Mr. Cooper challenged the statement, remarked that it was a sertious charge to make against an official and asked for an explanation. Mr. Boite started out on a long story about a case at Heela plantation in which which there was an investigation and report.

At this junction Mr. Boite stated that it vous to the stations assigned them. Police and military officers on horseback, uniformed bodies with bands and drum corps, the Native Sons of Hawaii in movement of the crowds, all combined to give an air of an important ceremonial about to take place.

Seats were reserved to the left of the chancel for the officials of the govern-

prisonment for twenty years. Matsuda applied for complete pardon, and it was recommended by Marshal Brown and former Jalior Low on the ground that they did not believe the petitioner had anything to do with the murder except, perhaps, as accessory before the fact. The executive made no recommendation whatever, but Mr. Cooper said if the council authoritized the pardon he personally was in favor of it. Remarks were made by several, Mr. Jones and Mr. Kennedy being the principal opponents to granting a pardon. On a show of hands the pardon was
